September 15, 2008 Update

On September 15, 2008, William Esser, Sole Proprietor and Owner of Esser & Associates merged entities with Mark Vanderslice, owner and majority share-holder of Roofing & Waterproofing Forensics, Inc. located in Yorba Linda, California.

William J. Esser

ESSER & ASSOCIATES

BACKGROUND

After completing two years in the US Marine Corps, a decorated tour in Vietnam, and being honorably discharged at the rank of E-5 (Sergeant),

Mr. Esser began his roofing career in 1971 in Covina, California. Starting as a laborer (kettle tender), Mr. Esser experientially worked his way to the position of company superintendent in less than three years. In 1975, Mr. Esser moved to San Clemente, California and qualified for California State Contractor's License No. *316362 (C-39 Roofing) on March 3, 1976. On March 4, 1976, Mr. Esser founded Esser Roofing Company (ERC). ERC was sold for profit in 1979 with no loss to creditors.

In 1981, Mr. Esser founded Commercial Roof Management, Inc. (CRM) located in San Juan Capistrano, California. CRM is an independent consulting and roof management firm specializing in preventive maintenance. In the mid 1980's, CRM had regional offices in Texas, Washington, Oregon, Arizona, Northern and Southern California. Over time, all regional offices (excluding San Juan Capistrano) were either closed or sold to employees. As President and CEO, Bill oversaw the day to day operations of a staff that varied in size from 35 to over 50 employees.

Annual CRM was directly responsible for maintaining the watertight integrity of over \$500 million dollars in roofing asset value. Services included conduction annual inspections, performance of preventive maintenance, new and re-roofing specifications writing, Bid solicitation, job supervision, quality control and tenant improvement interaction. On May 1, 2004, Bill sold controlling interest in CRM to his close friend and General Manager, Dan King. Mr. King has been a consultant employed with CRM for over twenty years.

Mr. Esser is also founder and sole proprietor of Esser & Associates (E&A). Founded in 1995, E&A is a professional service organization, offering general roofing consulting, expert witness testimony and cost estimating primarily in construction defect litigation, personal injury matters, and insurance related disputes.

Mr. Esser is a published author and industry recognized authority on roof management, preventive roof maintenance and construction defect litigation (from a contractor's perspective).

In June 2000, Mr. Esser assisted in drafting the State of California's licensing examination for the C-39 roofing contractor category. Mr. Esser has been certified by the State of California as an Industry Expert and participates on an as needed basis. Mr. Esser has also provided adjudication services as an impartial Umpire and Appraiser in insured vs. insurer roofing related disputes.

Over the past twenty-six years, Mr. Esser has testified in deposition, Federal and Superior Court, as well as binding arbitration. He finds defense assignments more challenging than plaintiff work; however, Mr. Esser has accepted plaintiff assignments and has been awarded sizeable judgments on behalf of his clients.

Mr. Esser is:

- ** A published author and nationally recognized authority on the subjects of proper roofing installations, roof management and preventive maintenance.

Articles appeared in the following publications:

- CALIFORNIA INNTOUCH Magazine (March/April 1985)
Roof Management - "Out of Sight, Out of Mind"
- BUSINESS TO BUSINESS Magazine (February 1985)
The Sky Is Falling
- COMMUNITY LIFE Magazine (November 1983)
Leak-Proof Advice
- ORANGE COUNTY APARTMENT NEWS (January 1985)
"Out of Sight, Out of Mind"

** A past/present member of:

- Construction Specifications Institute (CSI)
- National Roofing Contractor's Association (NRCA)
- Western States Roofing Contractor's Association (WSRCA)
- International Conference of Building Officials (ICBO)

** Listed in AM Best Directory of Recommended Attorneys, Adjusters & Experts since 2005

Mr. Esser has:

- OVER forty (40) consecutive years of roofing experience
- BEEN a licensed C-39 roofing contractor (#316362) since March, 1976
- OVER thirty-five (35) years experience as a Licensed Contractor
- OVER thirty-one (31) years experience as a Forensic Consultant
- TESTIFIED as an Expert Witness in Federal Court, Superior Court, Binding Arbitration and 50+ depositions.
- SERVED as an Insurance Umpire and an Appraiser in claim disputes.

Note:

In January, 2007 California State Contractor license #316362 was voluntarily retired to inactive status. Prior to that time it had been maintained continuously in good standing for over thirty-one (31) years without a single complaint and/or licensing violation.

Mr. Esser has conducted educational workshops for:

'85 RENTAL HOUSING EXPO - Angel Stadium, Anaheim, CA June 2, 1985
Title: *Everything You Wanted To Know About The 'Outside' Of Your Building*
